

Vanessa Cruz

Hello, I am Vanessa Cruz and I am a 4th year Child Development student at Cal Poly graduating this coming Spring. I am from Santa Maria about 40 minutes south from San Luis Obispo. During my free time I like to hang out with friends, bake, go hiking, embroider and other things. My goal for the future is to become a kindergarten teacher or just in general work with kids and I am happy to be interning here at the Child Development Center. I am excited to learn more about the kids in hopes to help and enrich their life as best as I can.
